About DIMR

The intention behind imparting education is to pass the values, rules and concepts to generations to come. We, at DIMR, implement an exploratory learning process, wherein teachers and students are co-travelers in the search of 'Understanding of Knowledge'. In our approach, we do not want to label anything as a 'Final Answer'; we believe in triggering the curiosity in the minds of students, and we firmly believe that the rest happens in its own accord. With a modest intake capacity of 180 for MBA and 120 for MCA students, we ignite lives of students with the light of knowledge.
